--------	-----------

Noise level	< 72 db (A)
-------------	-------------

Protection class	IP 55
------------------	-------

Operating power

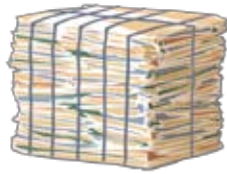

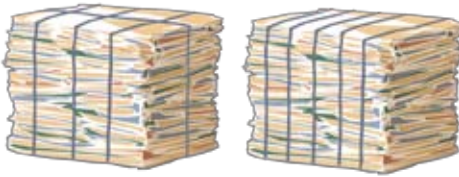

208 V/3/60 Hz, 460 V/3/60 Hz

Increasing demand for compacting

Top loading, multi chamber system for sorting and baling cardboard, paper, plastics, plastic bottles, empty sacks etc. Bale weights are up to 190 lbs (cardboard).

Large volume reduction – unique multiple strap choice

The volume reduction is up to 10:1. The bales are secured under pressure with 2-6 straps depending on material and handling requirements of finished bales.

Multiple strap choice to meet material demand as well as tough handling requirements.

Orwak is unique in offering cross strapping on a multi chamber baler. Bales are removed by using our special trolley supplied with the machine.

For more info. contact us or visit our website www.orwak.us

We reserve the right to make changes to specifications without prior notice.

Bale/bag/bin weights are dependent upon material type.
